

ANDGAR CORP

Andgar's Drum Destemmer For Blueberries

Give your frozen blueberries the final once-over with Andgar's Drum Destemmer before packing.

Our unique, adjustable angle stainless steel cylinder design infused with woven wire gets out those stubborn stems remaining after the freezing process so your berries look their best.

The Andgar Advantage

- Built with easy to clean, sanitary stainless steel
- Adjustable control for better throughput
- Woven wire in the cylinder moves berries for more thorough destemming
- Consistently clean berries
- Custom design can fit any production line
