

ANDGAR'S AUTOMATIC FLAT AND LUG WASHER

WATER CONSERVATION **HANDS FREE SANITATION** **LABOR SAVING AUTOMATION**

DUAL LANE AUTOMATIC
WITH DUAL RECIRCULATION TANKS

MANUAL PUSH THROUGH
WASHER

SINGLE LANE AUTOMATIC LUG WASHER

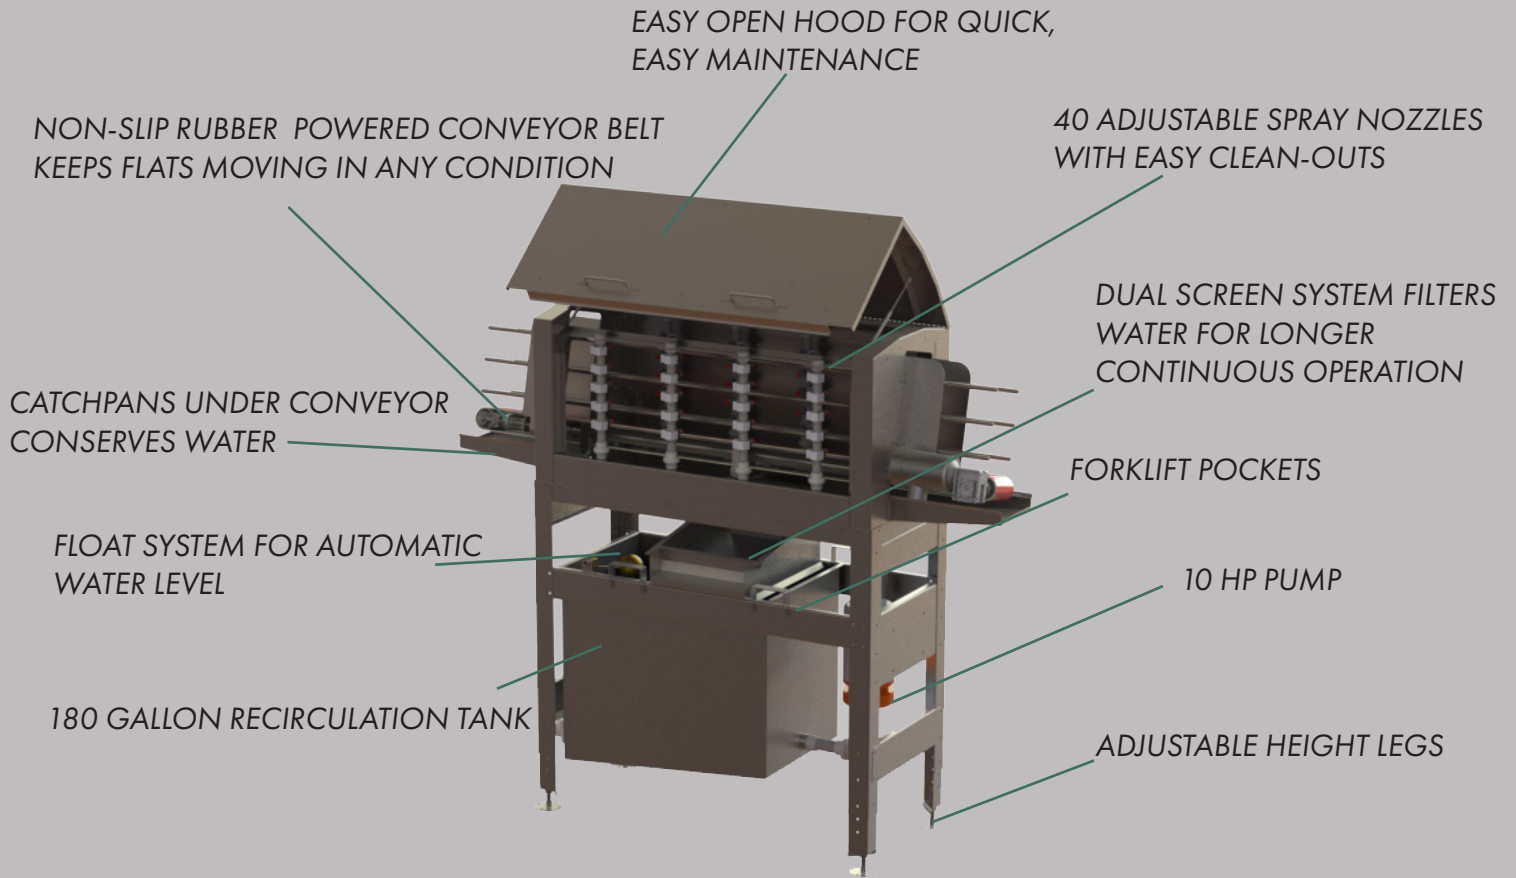

Once your flats and lugs have delivered their fruit, they need to be sanitized quickly and thoroughly with limited human contact. Andgar designed its powerful and flexible automatic washer with this in mind.

Our washer can keep up with your marathon pace without having to be shut down or have water tanks changed. With up to 40 adjustable nozzles for cleaning different sizes, our washer can accommodate any size flat or lug and is adaptable to any sized processing facility.
